

### CLS Series Single Pin Connectors

#### CLS Female

**CLS Series** inline connectors have a non-conductive retaining screw which passes through the metal contact and fastens at both ends to the retaining ring, providing maximum resistance to excessive torque loading. Constructed of weatherproof materials, products are UL listed and CSA certified. NEMA 3R and NEMA 4R rated for wet locations. Connectors accept up to 400A / 600V.  
\*Stocked colors shown. Other colors available upon request.
