NM-18-157	.157	Red
NM-18-176	.176	Red
16 - 14 Wire Range		
Part Number	Stud Size	Color
NM-14-157	.157	Blue
NM-14-176	.176	Blue

Polar Wire Products carries a complete line of fully insulated Male, Female, and Piggy-Back Quick Disconnects.

Precision engineering of these disconnects allows the female terminal to precisely fit into the corresponding male housing, resulting in a fully insulated in-line splice. This splice may be connected and disconnected without damaging the nylon insulation.
