

Blue Sea Systems® Marine Electrical Components

BLUE SEA SYSTEMS — MARINE ELECTRICAL COMPONENTS

Battery Switches

More Blue Sea Systems marine electrical components available in our online store at www.polarwire.com

ORDER ONLINE

Blue Sea Systems Manual Battery Switches

- Tin-plated copper studs for maximum conductivity and corrosion resistance
- Switches accept up to 4/0 AWG battery cables
- 7/8" stud length accepts multiple cable terminals
- Blue Sea Systems one-piece terminal stud design never loosens over time
- Switches fit most Perko and Guest low amperage battery switch hole patterns
- Case design allows surface, rear, or front panel mounting options
- Tactile indicator conveys knob position by feel
- Waterproof – rated IP66 from water projected in powerful jets
- Alternator Field Disconnect (AFD) available in some models

Part Numbers
9003e and 9004e

E Series

- 350 Amps continuous rating for inboard gasoline or diesel engines
- Stud accepts 3/8" (M10) ring terminals
- Fits most Perko and Guest low amperage battery switch hole patterns

Part Numbers
3002 and 3003

HD Series (Heavy Duty)

- Up to 600 Amps continuous rating for large diesel engines
- Studs accept 1/2" (M12) ring terminals
- Fits most Perko and Guest low amperage battery switch hole patterns

Part Numbers
6006

M Series (Mini)

- 300 Amps continuous rating for outboards and small gasoline or diesel engines
- Studs accept 3/8" (M10) ring terminals
- Isolating cover with three snap-in side pieces protects rear contacts, allows wire access in any direction

Automatic Charging Relays and Solenoid Switches

ORDER ONLINE

SI-ACR Automatic Charging Relay

- 12/24V DC 120A
- Designed for 12 or 24 Volt systems
- Dual sensing
- Vaporproof
- Hermetically sealed contacts
- Protects sensitive electronics by temporary isolation of house loads from engine circuit during cranking
- 12/24 volt auto ranging voltage input
- Ignition protected—safe for gasoline powered boats
- Supports high-output alternators up to 120A
- Remote LED remotely indicates ACR states (requires optional LED)

Part Number 7610

ML-ACR Automatic Charging Relays

- Manual override knob provides an added level of safety allowing control with or without power and offering LOCKED OFF capability for servicing
- LED output to remotely indicate switch state—requires optional LED
- 3.8"-16 tin-plated copper studs for maximum conductivity and corrosion resistance
- 7/8" (22mm) stud length accepts multiple cable terminals
- Silver alloy contacts provide high reliability for switching live loads
- Waterproof—rated IP66 from water projected in powerful jets

Part Number
7620

L Solenoid - 9012

- 12/24V DC 120A—designed for 12 or 24 Volt systems
- Hermetically sealed contacts; vaporproof
- Ignition protected—safe for gasoline powered boats
- Activated by an ON-OFF switch mounted anywhere
- Integrated coil control minimizes heating and amp draw
- 450 Amp Class

Part Number 9012

Polar Wire is an authorized distributor for Blue Sea Systems.

AMI / MIDI Safety Fuse Block

- Ignition protected for use on gas or diesel powered boats
- 200A max with 4/0 cable
- Sealed cover satisfies ABYC/USCG insulation requirements
- Accepts Blue Sea Systems square format standard or custom label
- Cover breakouts allow wire access in any direction
- Fuses sold separately

Part Number 7720

AMI / MIDI Fuses

- Fast-acting, standard circuit protection device for automobiles and trucks
- Tin-plated connector blades for corrosion resistance
- Visibly indicates blown condition
- Sold in packages of 2

Part Number 5250

Part Number 5260

AMI / MIDI Fuses

Part Number	AMPS	Color
5250	30	Orange
5251	40	Green
5252	50	Red
5253	60	Yellow
5254	70	Black
5255	80	White
5256	100	Blue
5257	125	Pink
5258	150	Gray
5259	175	Tan
5260	200	Purple

DC Fuse Holders

ANL Fuse Blocks - 5005, 5503

- **5005** - 35 to 300A, up to 32 Volts DC, wire gauges to 2/0
- **5503** - 35 to 750A, up to 32 Volts DC, wire gauges to 4/0
- Accepts 5/16" (M8) ring terminals
- Swing out design allows replacement of the fuse without removing fasteners
- Stainless steel studs provide resistance to corrosion and high torquing for excellent electrical contact
- UL 94-V0 reinforced polycarbonate base resists high heat
- Insert molded studs ensure secure fuse mounting
- Insulating cover satisfies ABYC/USCG requirements
- Cover breakouts for wire access in any direction
- Fuses sold separately

Part Number 5005

Part Number 5503

DC Fuse Blocks

ORDER ONLINE

Screw Terminal Blade Fuse Blocks and Covers

- Corrosion resistant, tin plated copper fuse clips reduce heat and improve system efficiency
- 30 amps per circuit
- Can be used for 24-hour circuits
- Cover satisfies ABYC/USCG requirements for insulation; easy to open push button latch provides easy access to fuses; cover stores two spare fuses; label recesses accept Blue Sea Systems Small Format Labels for circuit identification
- Includes write-on circuit labels
- Accepts ATO® and ATC® fast acting blade fuses
- Accepts ring or spade type terminals
- Fuses sold separately

ST Blade Fuse Block with Cover

Part Number	Description
5025	6 circuits with negative bus
5026	12 circuits with negative bus
5028	6 circuits
5029	12 circuits
5035	6 independent circuits

Part Number 5028

Part Number 5025

Part Number 5026

Part Number 5029

Part Number 5035

Water Resistant Fuse Panels

More Blue Sea components available online at www.polarwire.com

ORDER ONLINE

- Designed for flybridge and open cockpit applications
- Water resistant ON-OFF Contura Switches
- Watertight mounting gasket
- Water resistant fuse holders accept common glass fuses
- Countersunk mounting holes
- Heavy 1/8" aluminum material
- "ON" indicating LEDs embedded in switches
- Two-part polyurethane slate gray finish
- Industry standard height and width
- Mil-Spec chemical treatment protects surface details from corrosion
- Completely wired and ready to install

Part Number 8261

Part Number 8054

Part Number 8053

Part Number 8262

Water Resistant Fuse Panels

Part Number	Description	Weight
8054	3 Position - vertical	0.60 lbs
8053	6 Position - vertical	0.90 lbs
8262	4 Position - horizontal	0.77 lbs
8261	8 Position - horizontal	1.34 lbs

DC Toggle Circuit Breaker Panel

ORDER ONLINE

- 12/24V DC fully pre-wired 8-position panel
- 5 installed single pole breakers
- "ON" indicating LEDs installed in all circuit positions
- All positive, negative and grounding buses installed
- Detailed installation instructions and cutout template
- Includes 30 common DC labels

Part Number 8023

Digital Meters

ORDER ONLINE

- AC Voltage, Amperage, Frequency, and Watts
- DC Voltage and Amperage
- Easy spin-on mounting system
- Surface or panel mount
- Large bright LED characters are easy to read in low light or at a distance
- Three levels of display brightness
- Direct replacement for analog meters
- Scan mode on Multi-function units
- Low current drain

Digital Meters

Part Number	Description	Measures Current	Measures Voltage
8235	DC Digital Voltmeter	N/A	Yes
8236	DC Digital Ammeter	Yes	N/A
8248	DC Digital Multimeter with Alarm	Yes	Yes
8251	DC Digital Voltmeter with Alarm	N/A	Yes

Part Number 8236

MiniBus 100 Ampere Common Busbars

ORDER ONLINE

- Great for limited space applications

MiniBus Cover for PNs 2304 and 2305
Part Number 2713

Common 100A Mini Busbar - 5 Gang
Part Number 2304

Common 100A Mini Busbar Four #10-32 Studs
Part Number 2305

150 Ampere Common Busbars

ORDER ONLINE

- The industry standard busbar for positive distribution, and for the collection of negative or AC ground circuits

Common Busbar Cover for PN 2302
Part Number 2716

Common Busbar Cover for PN 2301
Part Number 2715

Common 150A Busbar - 10 Gang
Part Number 2301

Common 150A Busbar - 20 Gang
Part Number 2302

PowerBar 600 Ampere Cable Connectors

ORDER ONLINE

- Provides high-ampere busing with 3/8" terminal studs

PowerBar Busbar Cover for PN 2104
Part Number 2718

PowerBar 600A Busbar Eight 3/8"-16 Studs
Part Number 2107

PowerBar 600A Busbar Four 3/8"-16 Studs
Part Number 2104
